Adobe InDesign
final project

A woman with long dark hair, seen from behind, wears a red cloak and a dark backpack. She stands in a dark, dense forest. In the center, a stag with large antlers faces a large crocodile that has its mouth open. A small bat flies in the upper left. A lamp post with a warm light stands between the stag and the crocodile. The ground is covered with a pile of old, leather-bound books. The title 'MAGIC' is written in large, orange, serif letters at the top right, underlined. The title 'FORREST' is written in large, yellow, serif letters below it. The text 'VMD 105' is written in red, stylized letters in the bottom right corner.

MAGIC

FORREST

VMD 105

Post Card

The inspiration for the photoshop project is a dream. I dreamed that I entered a forest. In the forest, there has a lot of animals such as crocodile, deer and birds...It's really amazing...

WOW...

MAGIC

FORREST

VMD 105

Post Card

As for the vector project, because we need to create an element which refers to the raster project. So I feel I can add a bird in the sky, which is suitable for the environment. Therefore, I created the graph.

final project

Post Card

The inspiration of the Motion project is because of a short animate I saw online, which is talk about a frog dives. I feel I can do it better. Therefore I created the frog and the animation finally.
